MATERIAL INFORMATION SHEET*

DEC 16 1987

AMERHART LTD.

Armstrong World Industries, Inc.
Human Resources Department
Liberty & Charlotte Streets, P. O. Box 3001
Lancaster, PA 17604

Telephone (717) 396-2729 or 396-2935

Issued By: D. E. Boudier
Senior Safety & Health Specialist

Date: 9/4/85

NFPA 704:

Health: 0
Flammability: 1
Reactivity: 0

(Ratings use five divisions from 0 to 4:
0 = no special hazard;
4 = severe hazard.)

Division: Residential Ceiling Systems

I. Product Information

A. Product Name: Wood Fiber Ceiling Tiles and Lay-In Panels

B. Description and Ingredient Information: The family of wood-fiber ceiling tiles and lay-in panels consists of ground wood, cellulose fibers, inorganic fillers, and starch binder. The tiles come in a variety of sizes, aesthetic and acoustical designs, and surface finishes, such as latex paint, plastic film, or other coverings.

Armstrong ceilings do not contain asbestos.

II. Miscellaneous Information

Each of these products is classified as an "article" according to Title 29 of the Code of Federal Regulations, OSHA Part 1910.1200(c). They are formed to a specific shape or design during manufacture, have end use functions dependent upon their shape or design, and do not release any hazardous chemical under normal conditions of use.

*This Material Information Sheet is provided in lieu of a Material Safety Data Sheet. An MSDS is required only for chemicals or products that are hazardous as defined by the OSHA Standard 1910.1200. Please refer to the product's label for specific instructions and cautions before using the product.

Residential Ceiling Systems

I. Product Information

A. Product Name: Mineral Fiberboard Ceiling Tiles and Lay-In Panels

B. Description and Ingredient Information: The family of mineral-fiber ceiling tiles and lay-in panels consists of one or more of the following ingredients: mineral wool, inorganic fillers, cellulose, and starch binder. The tiles and panels come in a variety of sizes, aesthetic and acoustical designs, and surface finishes which may include latex paint, plastic films, fabric coverings, wood veneers, or metal foils.

Armstrong ceilings do not contain asbestos.

This Material Information Sheet covers all Armstrong mineral fiberboard ceiling products except those under the tradenames of Artran, Silok, Sonotrol, and Absolute. Separate information sheets are available for those products.
